

A Life That Matters

During the last two weekends, Dr. John Maxwell started A Life That Matters by challenging us to consider our choices and decisions everyday. He explained that good decisions today will give us a better tomorrow. If you missed either of his messages, they are available on our website at goChristFellowship.com in our bookstore. As we continue the series, Pastor Tom Mullins will take a look at why Relationships Matter. As we begin a new year, remember, it's not about what you do, it's about who you are who you are becoming. Begin knowing who God wants you to be and make 2005 your greatest year ever!
