

MAXIMIZE THE MESSAGE

KNOWING THE PLAYBOOK

AUGUST 21 & 22, 2010

IN A NUTSHELL

The bible is actually a gift to us from God. The bible, the Word of God, contains all we need to know to guide us through our earthly life. The bible lets us know God and allows God to speak to us as His children. The bible reveals to us our mission in life and it blesses us if we follow its commandments.

TALK IT OUT

1. Read 1 Corinthians 1:18- 2:5 and discuss this verse. Can you find other verses in the bible where God's nature is revealed?
2. The Ten Commandments are the most obvious of the teachings in the bible and they were meant to guide us. Read Exodus 20:2-17. How seriously do you try to follow the Ten Commandments? Have you ever tried to use the Ten Commandments to witness to someone? Discuss this in your group.
3. Revelation 1:3 says, "Blessed is the one who reads the words of this prophecy, and blessed are those who hear it and take to heart what is written in it, because the time is near." What does this verse mean to you? Consider how you have felt the blessings that flow from studying God's Word and talk about it in your group.
4. Try to put aside a quiet time each day to read God's Word, even if it is only fifteen minutes. Can you describe how staying in God's Word makes a difference in your life?
5. In Ephesians 1:11 it tells us that in Christ we find out who we are and our purpose for living. Discuss in your group.

DRAW IT OUT

The bible is meant to draw us closer to God, to understand Him and know what He expects of us. The bible is a guidebook of how we should live our lives according to His principles and just as relevant today as it was thousands of years ago.
